Our Space

Classy English has created unique learning spaces with modern facilities, designed to encourage students and provide them with dedicated rooms for expressing their creativity and passion.

All rooms are designed in a way to inspire students and give them a fun, safe and nurturing environment to unlock their unlimited imagination.

We believe that kids learn best when they're having fun and our specially designed activity rooms do just that:

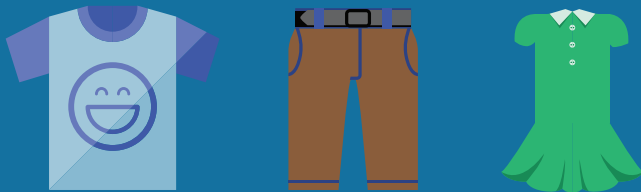

Food and Drinks

A hot and healthy lunch will be prepared for students at lunchtime. We also have snacks and drinks should students be feeling extra hungry. Students are encouraged to bring their own water bottle to save on waste.

What to wear

Students should wear comfy and casual clothing suitable for lots of running, playing, and messy arts and crafts. Each day has a theme and students are encouraged to dress up!

We Speak English!

All activities are conducted in English, but do not worry about your child's English ability as we have Thai staff to support and make sure everyone is having a good time and understands what is going on!
